Story of the month COODEL

Meet Cooper – a friendly, energetic and confident husky who needed a little help with his leash manners and reactivity.

Check out these before and after videos of Cooper's three-week Board & Train program that shows his behavioral transformation during walks. If his owner can stay consistent with Cooper's training, walks will be an activity they both look forward to every day.

Trainer highlight

Keryn Cunninghams

"Watching the stress, chaos and ongoing behavioral issues that put both the owner and the dog at jeopardy motivated me to study and pursue training that allows me to bridge the gap between owners and their beloved canine companions."

As a certified Dog Behaviorist based out of our San Diego office, Keryn is an advocate for dogs and sets them up on a path to success. No matter the dog or breed, creating a language and building structure dogs need and can be understood by their owner is Keryn's true passion!
